PROFILE SUMMARY:

Motivated and adaptable aspiring engineer seeking opportunities in development and analysis. Experienced in building practical solutions across software, web, and data workflows, with a strong focus on clean execution, problem-solving, and continuous learning. Eager to contribute to real-world projects and support team objectives through a proactive and detail-driven approach.

EDUCATION:

Sir Issac Newton College of Engineering and Technology,

B.Tech. Artificial Intelligence and Data Science

CGPA : 8.4%

2022 – 2026

Nagapattinam, Tamilnadu, India

Government higher secondary school,

Higher secondary education

PERCENTAGE : 65%

2020 – 2022

Pudur, Thiruvapur, Tamilnadu, India

PROFESSIONAL EXPERIENCE

Pashtek, Junior Developer

11/2025 – 12/2025

Thiruvapur, Tamilnadu, India

Worked on software development projects using the JHipster framework to build scalable full-stack applications, with deployment and infrastructure management on AWS and containerization using Docker to ensure efficient, secure, and reliable application delivery.

TECHNICAL SKILLS:

Programming Languages — Python, Java, SQL, C, **Operating Systems** — Linux OS, Windows OS, **Frameworks & Tools** — Flask, Streamlit, Git, Jupyter Notebook, Postgresql, Firebase, Spring Boot, Jhipster, React, Postgresql, MongoDB, Firebase, Flutter Development, **SEO Reporting & Analytics** — Google Analytics, Screaming Frog, Semrush, **Data Visualization & Analytics** — Power BI, Matplotlib, Seaborn, Excel, Numpy, Pandas, **AI-Assisted Software Development Tools** — Copilot, Cursor, Windsurf, Google Anti-Gravity, **Software Development** — SDLC, OOP, Data Structures & Algorithms

CERTIFICATES:

Course on Python

LiveWire | ID: LWR220727002 Completed a Python course covering programming fundamentals, data structures, and problem-solving.

SkillRack Certificate Achievements

- Python 3.x Programming (Hands-On)
- Java Basics Programming Course
- SQL Basics (Standard)

PROJECTS:

DrawTogether - Real-Time Collaborative Drawing App,

React (Vite), Node.js, Express, Socket.io, MongoDB, JWT, Google OAuth

A real-time collaborative drawing web application where users can create public or private rooms, invite friends, and draw together with live synchronization.

AI-Powered SEO Audit Platform,

Python (Flask), React, BeautifulSoup, TextBlob, scikit-learn (TF-IDF), textstat, ReportLab, HTML, CSS, JavaScript [↗](#)

A full-stack web application that performs automated website SEO audits, including technical checks, on-page analysis, and AI-driven content insights with exportable professional reports.

AI-Powered Automated Data Exploration Tool,

Python, Streamlit, Pandas, Matplotlib, Seaborn, OpenAI API / Local LLM [↗](#)

A Streamlit-based data exploration tool that allows users to upload CSV files and automatically generates exploratory data analysis, visualizations, and summary statistics for non-technical users.

Blockchain-Based Credential Verification System, Hyperledger Fabric, Go (Chaincode), FastAPI (Python),

PostgreSQL, MinIO, React.js, Tailwind CSS, SHA-256 Cryptography [↗](#)

A secure credential verification platform using blockchain to issue, approve, and publicly verify academic certificates, ensuring tamper-proof records and transparent audit trails.

PARTICIPATIONS:

Paper Presentation, Arasu Engineering College

2025 | Kumbakonam

Won 3rd prize in a paper presentation on a Traffic Accident Alert System that uses OpenCV to detect accidents from traffic camera footage and automatically alert ambulances and police.

National Seminar on 'Securing Societal Welfare in the Digital

2024 | Chennai, India

Age', Sairam Institute of Technology

Participated in a seminar on digital welfare, learning from expert-led sessions and exploring digital-age challenges.

Top Coders '24, Sudharsan Engineering College

2024 | Pudukkottai, India

Participated in a national-level coding competition demonstrating programming, logical reasoning, and problem-solving skills.

SIT-SCIHUM-23, AVC College of Engineering and Technology

2023 | Mayiladuthurai

Engaged in a symposium exploring technological advancements and innovative ideas in science and engineering.

ACHIVEMENTS:

YouTube Content Creator

10/2024 – Present

Monetized partner under the YouTube Partner Program, operating the channel @BakaBaka_edits with a strong digital presence and a growing audience of 88,000+ subscribers, focused on consistent content creation and community engagement.

HOBBIES:

- Coding and software development
- Building helpful and easy-to-use applications
- YouTube content creation and digital media
